PTR[™] FETLOCK WRAPS

REDEFINED ADVANCED
LEG CARE

PREVENTATIVE. THERAPEUTIC. REGENERATIVE.

Experience the next level of equine leg care with Gladiator Equine's PTR[™] Fetlock Wraps. Harnessing our innovative SemiCera[®] technology, these wraps utilize your horse's natural body heat to activate healing ceramics, providing swift recovery and superior leg health enhancement.

The SemiCera[®] technology has been clinically proven to regenerate and maintain healthy tissue

68% FASTER

than normal healing rates.¹

GLADIATOR EQUINE. LEADING THE WAY IN EQUINE LEG HEALTH.

PREVENTATIVE CARE

Proactively protecting against strains and injuries, Gladiator Equine PTR™ Fetlock Wraps ensure optimal leg health. They prevent minor issues from developing into serious problems while providing essential support for the equine athlete's recovery.

THERAPEUTIC COMFORT

SemiCera® technology improves circulation alleviating pain and fostering healing. The therapeutic properties of the Gladiator Equine PTR™ Fetlock Wraps accelerate healing and recovery for:

- **INFLAMMATION AND PAIN**
- **POST-EXERCISE RECOVERY**
- **SPRAINS AND TENDONITIS**
- **CHRONIC AND POST-SURGICAL LEG WOUNDS**

REGENERATIVE POWER

The regenerative benefits of the Gladiator Equine PTR™ Fetlock Wraps activate natural healing mechanisms, stimulating the healing process, restoring vitality, and promoting cellular-level tissue repair. This leads to a faster return to peak performance.

ADVANCED CARE, SIMPLIFIED.

The Gladiator Equine PTR™ Fetlock Wraps are designed for continuous wear, offering protection and care without requiring a power source. Made in the USA.

COMPREHENSIVE LEG HEALTH

More than just protective gear, these wraps are a complete solution for enhanced leg strength, accelerated healing, and targeted support for leg ailments.
